

## **HOBART extends its CASHBACK and RESTART-BONUS promotions to several countries**

Offenburg – The warewashing manufacturer HOBART GmbH extends its sales promotion CASHBACK for end customers and RESTART-BONUS for sales partners to several countries in reaction to the brisk demand for the support campaigns. Since late May, HOBART has been offering a bonus to each customer who buys a new machine from the warewashing portfolio to help the catering trade with the restart following the corona shutdown. Now, this bonus is available also outside of Germany. In Germany, the special bonus will apply till 30 September 2020, in other countries till 31 October 2020.

The promotion programme is valid for glasswashers, dishwashers, hood-type dishwashers and utensil washers as well as the innovative TWO-LEVEL-WASHER. The entry-level models of the brand ecomax by HOBART are covered as well.

### **And here's how it works**

After purchasing a dishwasher from the product portfolio of the promotional models from an authorised HOBART dealer the buyer just has to ask for the HOBART CASHBACK bonus. The promotion offer is not valid for used machines. Machines that were purchased via special price agreements are excluded from the promotion.

The world market leader for commercial warewashing also supports the sales partners with a bonus. All they have to do is to enter the promotion code when placing the order. Delivery must take place at the latest six weeks after the order was placed.
